

SCIENCE

The Human Body

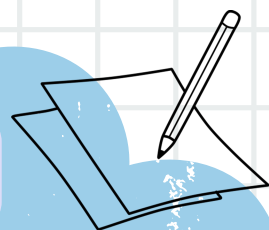

Exploring the senses, body parts and conducting simple investigations

ENGLISH

Autobiographies

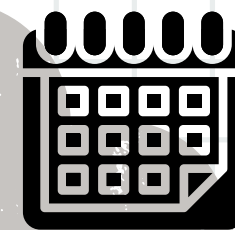

Writing in full sentences, using adjectives whilst sequencing ideas and exploring key information.

HISTORY

My Timeline

Using chronological order in our personal lives to create a timeline as well as exploring past, present and future.

RELIGIOUS EDUCATION

My Circle

Learning to recognise and describe people who are special to them.

PSHE

Wider-world

Meeting local heroes! understanding good choices, manners, and being kind. How can we be heroes?

AUTUMN 1

ANIMALS PATHWAY (KS2 & KS3)

Superheroes

This cross-curricular topic explores the idea of Superheroes - real and fictional - to help us understand ourselves and the world around us. We will celebrate uniqueness, learn about influential people and develop key skills across the curriculum.

COMPUTING

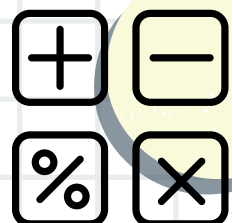

Tech-savvy superheroes

Understanding parts of a computer and creating a simple document.

MATHS

Developing our understanding of place value, addition and subtraction, gaining confidence with their strategies.

ART

Super Me!

Experimenting with drawing and clay-modelling to explore facial features, poses and figurines.
