

KS4 Health and Social Care Curriculum Content - Long term plan

All KS4 pupils will be grouped for their Practical Learning subjects.

The aim of each group's half termly Health and Social Care 'taster sessions' is to provide a clear overview of Health and SocialCare to support skills for life development and enable pupils to be informed about possible future options and careers choices. All lessons are fully differentiated, practical and interactive with some recorded evidence.

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Key Stage 4 Topic	UAS 87940 Introduction to Care for the Elderly (Entry Level)	UAS 87940 Introduction to Care for the Elderly (Entry Level)	UAS 87940 Introduction to Care for the Elderly (Entry Level)	UAS 87940 Introduction to Care for the Elderly (Entry Level)	UAS 87940 Introduction to Care for the Elderly (Entry Level)	UAS 87940 Introduction to Care for the Elderly (Entry Level)
Key focus -	<p>We share thoughts about our own older family members and discuss the ageing process.</p> <p>The differences and similarities between a teenager and a senior citizen is explored, together with facts about how sometimes, additional care is needed for senior citizens.</p> <p>The safe care of a senior citizen is included in our lessons including the importance of meeting all basic care needs, why sometimes they may need help with their memory and movement and what to do in an emergency.</p> <p>We find out about choices older people have about where they may like to live, including residential homes and how others can help them.</p>	<p>We share thoughts about our own older family members and discuss the ageing process.</p> <p>The differences and similarities between a teenager and a senior citizen is explored, together with facts about how sometimes, additional care is needed for senior citizens.</p> <p>The safe care of a senior citizen is included in our lessons including the importance of meeting all basic care needs, why sometimes they may need help with their memory and movement and what to do in an emergency.</p> <p>We find out about choices older people have about where they may like to live, including residential homes and how others can help them.</p>	<p>We share thoughts about our own older family members and discuss the ageing process.</p> <p>The differences and similarities between a teenager and a senior citizen is explored, together with facts about how sometimes, additional care is needed for senior citizens.</p> <p>The safe care of a senior citizen is included in our lessons including the importance of meeting all basic care needs, why sometimes they may need help with their memory and movement and what to do in an emergency.</p> <p>We find out about choices older people have about where they may like to live, including residential homes and how others can help them.</p>	<p>We share thoughts about our own older family members and discuss the ageing process.</p> <p>The differences and similarities between a teenager and a senior citizen is explored, together with facts about how sometimes, additional care is needed for senior citizens.</p> <p>The safe care of a senior citizen is included in our lessons including the importance of meeting all basic care needs, why sometimes they may need help with their memory and movement and what to do in an emergency.</p> <p>We find out about choices older people have about where they may like to live, including residential homes and how others can help them.</p>	<p>We share thoughts about our own older family members and discuss the ageing process.</p> <p>The differences and similarities between a teenager and a senior citizen is explored, together with facts about how sometimes, additional care is needed for senior citizens.</p> <p>The safe care of a senior citizen is included in our lessons including the importance of meeting all basic care needs, why sometimes they may need help with their memory and movement and what to do in an emergency.</p> <p>We find out about choices older people have about where they may like to live, including residential homes and how others can help them.</p>	<p>We share thoughts about our own older family members and discuss the ageing process.</p> <p>The differences and similarities between a teenager and a senior citizen is explored, together with facts about how sometimes, additional care is needed for senior citizens.</p> <p>The safe care of a senior citizen is included in our lessons including the importance of meeting all basic care needs, why sometimes they may need help with their memory and movement and what to do in an emergency.</p> <p>We find out about choices older people have about where they may like to live, including residential homes and how others can help them.</p>
