

KS4 Food and DT - Long Term Plan

KS4 Food and DT are taught in a carousel along with other subjects. Students are taught DT and Food for a half term, once in the academic year.

2021-2022		Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Food Technology	Content	In key stage 4 food we prepare, make and evaluate a range of dishes which would be suitable for our students to make independently at home. The work towards AQA unit awards which develops the students skill base. We use ingredients from the school farm and discuss hot topics like food miles, recycling and what makes a healthy lifestyle.					
Design Technology	Content	In key stage 4 DT we help around the school site, using our skills to improve the area around us. This may include fence repairs or using items around the school to recycle to benefit the school. We work towards AQA unit awards which underpins the skills we have learnt. Students will discuss health and safety and issues related to DT and understand what they need to do in order to stay safe, using equipment, in their lessons.
